EDUCATION

JAIN (Deemed University)—MCA

June 2023

1st Year (In Progress) .

Expected Graduation: may 2025.

Cavalier Animation Media College —BCA In WebScience.

August 2016 - November 2019

Objective:

The main goal of the "Online Book Store" project is to develop a web-based platform that enables users to effortlessly browse, search, and purchase books based on various criteria such as title, author, and subject. The selected books are presented in a convenient tabular format, and users can complete their purchases using a secure cash-on-delivery payment method.

Technologies Used:

- Frontend: HTML, CSS, JavaScript
- Backend: PHP, MySQL
- Payment Integration: Secure Cash-on-Delivery

SKILLS
